The Ontario Ministry of Education's *Creating Pathways to Success* document grounds our belief that: *all students can be successful, success comes in many forms* and *there are many pathways to success.*

Ask your Grade 8 teacher, Pathway Counsellor, SERT, or guidance counsellor about potential options.

THE RIGHT PATHWAY CHOICE

Appropriate pathway choice MEANS MORE **ENGAGED** STUDENTS who…

- Look forward to attending class

- Have a sense of accomplishment

- Feel challenged but **NOT overwhelmed**

- Have a feeling of **increased** self-confidence & self-esteem

- Are self-advocates & are self-motivated

engagement = success = happiness

LOCALLY DEVELOPED	APPLIED	ACADEMIC
▪Emphasis on basic concepts ▪More hands on, practical examples ▪Directed, step by step, teacher-directed approach to learning ▪Potential option to upgrade to applied	▪Covers core concepts ▪More hands on, practical examples ▪Directed, step by step, teacher-directed approach to learning ▪More class time given for assignment completion, then unfinished work finished at home ▪covers concepts at a slower pace compared to the academic level	▪Covers core concepts PLUS additional material ▪MORE theory, explaining, interpreting & analyzing ▪independent, student initiated, student-directed learning ▪Assignments begin in class time but finished at home Students are able to: ▪infer, elaborate upon, and apply concepts ▪work independently ▪cover larger amounts of material at a faster pace

LOCALLY DEVELOPED	APPLIED	ACADEMIC
▪Lower Teacher/student ratio than applied ▪Pathway leads to the workplace level Grade 11 & 12 courses	▪Lower Teacher/student ratio than academic ▪Pathway leads to College level Grade 11 & 12 courses ***PLEASE NOTE:** Many university programs **do NOT** require academic/university level math	▪Higher Teacher/student ratio than applied or locally developed ▪Pathway leads to University level Grade 11 & 12 courses

| APPLIED ENGLISH	ACADEMIC ENGLISH
- practical use of oral and written **language for everyday life** - Frequent, shorter writing tasks - ISU involves exploring a **topic of interest** and completing non-fiction tasks - Significant class time allotted for assignment completion/reading, but unfinished work becomes homework - lower Teacher/Student ratio than academic	- More complex texts with emphasis on implicit reasoning (not stated directly) **analytical** writing - developing a more **sophisticated** writing style - ISU based on a novel read **independently** & a significant investment of time outside of class - essays that involve **analyzing & interpreting** - group and individual assignments are begun in class to allow for feedback, but completed for homework - expectation that students will **work independently** and seek out help when needed

If you plan on taking CHV/GLC (Civics and Careers) in **summer school**, you will put an additional elective in its place in myBlueprint. You will then write a note "I am taking CHV/GLC in summer school" in the comment box before you submit (it will not allow you to submit without a comment as you are missing a required course in your requests). You will then choose CHV/GLC from the **Continuing Education>Explore Courses** option in your myBlueprint and register for Summer School (in person at Sinclair or online) **at the same time as course selection.**

*Enrollment in these programs is **limited** due to physical classroom space and teacher availability. For example, 1 auto teacher = only 6 periods of auto in the entire year spread across 3 grades. If you can't choose it because it is full in myBp, you can add it in as an alternate choice.
