# Online Opt Out Form

<https://www.ddsb.ca/en/programs-and-learning/online-learning-graduation-requirement.aspx>

## Online Learning Graduation Requirement Opt-Out Form

### About the online learning graduation requirement

Students are required to earn two online learning credits to graduate from secondary school, beginning with every student who entered Grade 9 in the 2020-21 school year.

The ministry recognizes the extraordinary circumstances of the COVID-19 pandemic. (As a result, up to one secondary school credit completed by Grade 9 students in the 2020-2021 school year during the province-wide school closures (from April 2021 to June 2021) will be counted towards the graduation requirement).

Adult learners entering the Ontario secondary school system in 2023-24 or later will be required to meet this graduation requirement and may opt themselves out of the requirement. The graduation requirement is intended to support students in developing familiarity and comfort with working and learning in a fully online environment, as well as developing digital literacy and other important transferable skills that will help prepare them for success after graduation and in all aspects of their lives.

Meeting the online learning graduation requirement should not pose a barrier to graduation for students. As with all learning, students taking online courses will have access to the supports they need through their school, (e.g., guidance, nutrition programs, extra-curricular activities and services for English-language learners). If a student in a publicly funded school has an Individual Education Plan, the plan should be shared, when appropriate, with an educator instructing an online course delivered by another publicly funded school board, with the necessary consent.

Parents/guardians may choose to opt their child out of the mandatory online courses required for graduation. Students age 18 years of age or older or students who are 16 or 17 years of age and have withdrawn from parental control can also opt out of the graduation requirement. School boards must also allow for students and parents/guardians to opt back into the online learning graduation requirement should their decision change.

If you would like to opt-out, please read the following and complete the reverse side.

Parent/Guardians complete this page if your student is under the age of 18

#### I agree with the following statements:

Having reviewed the online learning graduation requirement and the availability of supports for online learning through my child's school, I would like to opt my child out of this requirement.

The benefits of online learning have been shared with me by the school, including how the development of digital literacy and other important transferable skills are intended to help prepare students for success after graduation and in all aspects of their lives.

#### I understand the following statements:

Upon receipt of this form by the school, my child will not be required to earn two online learning credits to earn an Ontario Secondary School Diploma.

My child will face no academic penalties for opting out of this graduation requirement.

My child will continue to complete all other applicable graduation requirements.

This will be recorded on my child's transcript as "Online Learning Graduation Requirement - Non-Applicable".

#### PLEASE NOTE:

Upon receipt, this form will be included in the Ontario Student Record.

If you have questions, please contact the Guidance Department at your high school.

**Forms are available online and in guidance. Sign and return to guidance.**

If your child has not taken an **ASYNCRONOUS** eLearning course, they will need this filled in to graduate.

If they have one already planned this year, you don't need to worry. **BUT** eLearning is full this year so if they don't have one planned, they will need to fill in the form to graduate.

Current 12s require **ONE** online course to graduate, current 9 - 11 require 2.

## Have you considered a gap year?

A gap year is a break after secondary school, before making a commitment to an apprenticeship, college, university or the workplace. It can be any length of time, before and during studies, time off from work or other career pursuits and include any number of activities. You can figure out who you are, what your opportunities are, who you want to become and what you need to get there.

Apprenticeship Program = **90%** on-the-job training + **10%** in-school training

Average timeline: 3 - 5 years, depending on the trade

## Steps to Apprenticeship:

1. **Find an Employer** - you must have an employer who is able to provide on the job training
2. **Sign an Agreement** with the Ministry (MLITSD)- to register
3. **Begin your training** and education (often later into the trade process)

## 6 REASONS TO CONSIDER A SKILLED TRADE

### INSIDE THIS ISSUE

6 Reasons to Consider  
a Skilled Trade

Terms You Need to  
Know

Explore Trades in High  
School

*Skilled trade: a career path that requires hands-on work and specialty knowledge.*

There are real advantages to pursuing a skilled trade. Here are six reasons why a skilled trade is worth considering:

### #1. The demand for skilled trades is high.

It is estimated that by 2025, 40% of all occupations will be in skilled trades. Many tradespeople today will be retiring in the next ten years leading to a shortage of skilled workers. Ontario's construction industry alone will need 116,000 new workers by 2030.

## WHY COLLEGE ?

### FLEXIBLE

Ontario college program and delivery options let you choose how you want to learn. From prep and bridging courses to university transfer agreements, employee partnerships, hands-on work experience and more, there are more options than ever for finding your fit.

### ECONOMICAL

Higher education pays off. For every \$1 invested in an Ontario college education, graduates receive a cumulative \$3.20 more in their future wages. For number crunchers, that's an unprecedented 14.3 percent rate of return.

### INNOVATIVE

Ontario's colleges and 750 industry partners are innovating together. To date, more than 10,000 students are involved in groundbreaking research and innovation projects, with an additional 1,000 students receiving support to pursue entrepreneurial ideas.

### SUPPORTIVE

Ontario's colleges work with you to succeed. With financial assistance options, disability services, tutoring programs, onsite counselling and so much more, you'll have the support you need at every step as you work toward the future you've always wanted.

**Step 1: Research**

- Find a Program**: Find out what you need to apply like prerequisites, grade requirements and more.
- Choose a University**: Get to know Ontario's universities and where they are located. Find information about campus visits, residence costs and more.
- Plan Your Finances**: Research what scholarships you can apply for and how much university will cost.

**Step 2: Gather the Information You Need to Apply**

- Application Guide**: Read the complete guide for applying to an Ontario university.
- How-to Videos**: Watch tutorials to guide you through the application process.
- Attend the OUEs**: Learn about the universities of your choice and ask questions at these virtual events: Sept. 25 and Oct. 26.
- Get Your PIN**: Your high school will provide you with a PIN that links your grades to your OUAC Account. (Oct./Nov.)

**Step 3: Apply at [www.ouac.on.ca/ouac-101](http://www.ouac.on.ca/ouac-101)**

## The Scholarship Report

### First Steps: Getting Ready for Postsecondary Education & Financial Aid

Welcome back, students! Here's hoping you had a great summer! It is time to start researching universities and colleges, the scholarships and bursaries they offer, as well as steps you can take to strengthen your scholarship application. Let's begin!

**Make a list of all your activities, achievements, awards, and jobs.** This list will be helpful when completing your scholarship applications. Prepare an up-to-date resumé too.

**Investigate postsecondary institutions**

the [College Information Program](#) in your area.

**Visit college and university open houses.** Attend the Financial Aid presentation or seminar. Find out SPECIFICALLY about entrance scholarships, and other scholarships, bursaries, and awards. For more info, check out [Open House! —And 5 Reasons Why You Should Attend.](#)

# Sources of Scholarship Money

- Automatic vs. Application
- Amount awarded **can change** based on final marks!
- **Pay close attention to deadlines**
- Other sources – check with your employer!
