

A photograph of Brooklin High School, a two-story brick building with many windows. The school's name is visible on the upper part of the facade. In front of the building is a large, empty asphalt parking lot with white parking lines. The foreground shows a grassy area with fallen autumn leaves. The sky is clear and blue. The text "GRADE 12 POST-SECONDARY EDUCATION INFORMATION 2025-2026" is overlaid in large white letters across the center of the image.

GRADE 12
POST-SECONDARY EDUCATION
INFORMATION
2025-2026

The Durham District School Board acknowledges that many Indigenous Nations have longstanding relationships, both historic and modern, with the territories upon which our school board and schools are located. Today, this area is home to many Indigenous peoples from across Turtle Island. We acknowledge that the Durham Region forms a part of the traditional and treaty territory of the Mississaugas of Scugog Island First Nation, the Mississauga Peoples and the treaty territory of the Chippewas of Georgina Island First Nation. It is on these ancestral and treaty lands that we teach, learn and live.

Indigenous Rights Human Rights

The Durham District School Board recognizes Indigenous rights are distinct. In the exercise of those rights, Indigenous staff and students shall not be subjected to actions with the aim or effect of depriving these distinct rights.

The Durham District School Board is committed to learning and working environments that centre human rights and equity and are safe, welcoming, respectful, equitable, accessible, inclusive and free from discrimination.

**GOALS
FOR
TONIGHT**

By the end of the presentation you will have a better understanding of what the **Grade 12** year will look like and learn how **we** work together to **support** their post secondary **goals**.

Logistics of Presentation

- **Q & A online** – post your questions and they will be answered by **Mr. Knowles or Mr. Howlett**
- Please ask **general questions** only, nothing that pertains directly to your child (do not use your child's name...)
- Hyperlink presentation will be posted online day after the event
- Please **do not raise your hand** – we will try to answer all of your questions in the Q & A (if there are issues, you might need to update your TEAMS app)
- Be patient...we are learning TEAMS webinar

CONNECTION

and

COMMUNICATION

Communication is KEY

- Mirror communication this year with what it will look like/feel like/sound like **next year** and the years moving forward
- **When your child turns 18, we no longer communicate with you unless we have the child's permission to do so – including report cards, transcript requests, educational information.**
- Encourage your child to take the lead but still be involved and aware
- They need to check often the portals that are used for communication
- Self-advocacy and awareness are very important

Online Opt Out Form

<https://www.ddsb.ca/en/programs-and-learning/online-learning-graduation-requirement.aspx>

Online Learning Graduation Requirement Opt-Out Form

About the online learning graduation requirement

Students are required to earn two online learning credits to graduate from secondary school, beginning with every student who entered Grade 9 in the 2020-21 school year.

The ministry recognizes the extraordinary circumstances of the COVID-19 pandemic. (As a result, up to one secondary school credit completed by Grade 9 students in the 2020-2021 school year during the province-wide school closures (from April 2021 to June 2021) will be counted towards the graduation requirement).

Adult learners entering the Ontario secondary school system in 2023-24 or later will be required to meet this graduation requirement and may opt themselves out of the requirement. The graduation requirement is intended to support students in developing familiarity and comfort with working and learning in a fully online environment, as well as developing digital literacy and other important transferable skills that will help prepare them for success after graduation and in all aspects of their lives.

Meeting the online learning graduation requirement should not pose a barrier to graduation for students. As with all learning, students taking online courses will have access to the supports they need through their school, (e.g., guidance, nutrition programs, extra-curricular activities and services for English-language learners). If a student in a publicly funded school has an Individual Education Plan, the plan should be shared, when appropriate, with an educator instructing an online course delivered by another publicly funded school board, with the necessary consent.

Parents/guardians may choose to opt their child out of the mandatory online courses required for graduation. Students age 18 years of age or older or students who are 16 or 17 years of age and have withdrawn from parental control can also opt out of the graduation requirement. School boards must also allow for students and parents/guardians to opt back into the online learning graduation requirement should their decision change.

If you would like to opt-out, please read the following and complete the reverse side.

Parent/Guardians complete this page if your student is under the age of 18.

I agree with the following statements:

Having reviewed the online learning graduation requirement and the availability of supports for online learning through my child's school, I would like to opt out of this requirement.

The benefits of online learning have been shared with me by the school. I understand the development of digital literacy and other important transferable skills are necessary to prepare students for success after graduation and in all aspects of their lives.

I understand the following statements:

Upon receipt of this form by the school, my child will not be required to earn learning credits to earn an Ontario Secondary School Diploma.

My child will face no academic penalties for opting out of this graduation requirement.

My child will continue to complete all other applicable graduation requirements.

This will be recorded on my child's transcript as "Online Learning Graduation Requirement - Non-Applicable".

Apprenticeship in Ontario

Learn about the benefits of hiring an apprentice, how to get a job in the skilled trades, and apply for grants and incentives.

A banner for a gap year. It features a green background with the text "gap year" in a large, white, sans-serif font. Below the text, there is a row of several hands of different skin tones, all raised in a gesture of excitement or agreement. The text "Learn about you! Learn about the world!" is written in a smaller, white, sans-serif font below the hands.

gap year

Learn about you!
Learn about the world!

Have you considered a gap year?

A gap year is a break after secondary school, before making a commitment to an apprenticeship, college, university or the workplace. It can be any length of time, before and during studies, time off from work or other career pursuits and include any number of activities. You can figure out who you are, what your opportunities are, who you want to become and what you need to get there.

WHY COLLEGE ?

FLEXIBLE

Ontario college program and delivery options let you choose how you want to learn. From prep and bridging courses to university transfer agreements, employee partnerships, hands-on work experience and more, there are more options than ever for finding your fit.

ECONOMICAL

Higher education pays off. For every \$1 invested in an Ontario college education, graduates receive a cumulative \$3.20 more in their future wages. For number crunchers, that's an unprecedented 14.3 percent rate of return.

INNOVATIVE

Ontario's colleges and 750 industry partners are innovating together. To date, more than 10,000 students are involved in groundbreaking research and innovation projects, with an additional 1,000 students receiving support to pursue entrepreneurial ideas.

SUPPORTIVE

Ontario's colleges work with you to succeed. With financial assistance options, disability services, tutoring programs, onsite counselling and so much more, you'll have the support you need at every step as you work toward the future you've always wanted.

Medical Terminology

Medical Terminology is a unique language utilized by health care professionals. The medical terminology course will assist the learner in developing a foundational knowledge base related to commonly used medical terms. Understanding medical terminology is essential for communicating both in writing and verbally within the Interprofessional health care team. Through this course learners will develop the language required to analyze and interpret medical reports, data, and to communicate with other professionals and the client.

Myths and Rumours

- “We are aware you are taking private school courses” – **nope...you have to tell us so we can track and enter final marks**
- “I won’t get into school if I don’t have English this semester” – **your child WILL get into university or college if they have required courses in semester 2 (for example ENG4U1 or ENG4C1)**
- “I am applying for Early Admission” – **not exactly a thing and remember we all start school at the SAME TIME**
- “It’s better if I wait to apply so schools won’t see my marks right now” – **nope...your marks only get uploaded several times a year**

ScholarShip Report

This report is accessed through Ms. Shosenberg's Google Classroom.

It is the student's responsibility to apply for scholarships.

The screenshot displays the 'Seeking Scholarships' website. The top navigation bar includes links for 'ABOUT', 'THE SCHOLARSHIP REPORT LIBRARY', 'THE TRADES REPORT', and 'HOW TO SUBSCRIBE'. A red 'Contact Us' button is positioned on the right. Below the navigation bar, a large blue banner features the text 'The Scholarship Report Library' with a book icon. To the left of the banner, a red button labeled 'The Scholarship Report Newsletter (downloadable)' is visible. Below the banner, a search bar with a 'Search' button is present. On the left side, a vertical menu lists categories: 'Scholarships / Bursaries', 'University / College: Open House Schedules', and 'University / College: Aid & Awards'. On the right side, two grey buttons are shown: 'POSTING SCHEDULE 2025-26' and 'SEPTEMBER TSR NEWSLETTER'.
